

Primary Sports Funding 2013-14

At East Preston Infant School we have developed an action plan in order to continue to improve PE and sport provision for all our children.

Our priorities mean that funding for 2013-14 will:

- Develop staff expertise in teaching PE (gymnastics, dance and games skills) by:
 1. hiring a specialist PE teacher to work alongside the teachers when teaching PE
 2. providing high quality training
 3. providing cover for the classes to enable teachers to be released for professional development

- Increase participation in sport and promote healthy lifestyles through:
 1. the provision of 'active lunchtimes' and training for midday meals staff
 2. the introduction of a change for life sport club
 3. participation in intra and inter school competitions
 4. the purchase of additional resources to enable a wider range of sports to be experienced and played at KS1
